

Fact sheet Q4 2023

About Us

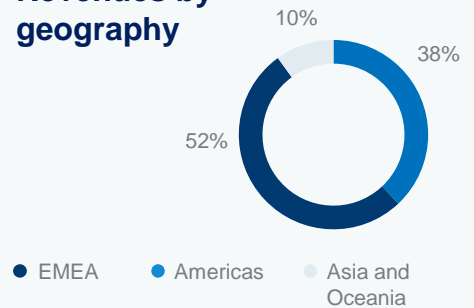

With around 7,500 employees in more than 30 countries, Marel is a global leader in providing food processing solutions, software and services to the food industry.

Revenues in 2023 were EUR 1.7bn, where 46% comes from recurring aftermarket services. Since listing in 1992, Marel has grown by around 20% CAGR. By continuously transforming food processing, we enable our customers to increase yield and throughput, ensure food safety and improve sustainability in food production.
