Coming to Marel Innovation Center  
August 15th – 26th

# An Incredible Line-up of the World's Most Profitable Processing Equipment.

We've waited patiently for an opportunity to show off all of our exciting and most innovative products for 2011 and beyond. Now, we're taking matters into our own hands. See the best of Marel:

**I-Cut Portion Cutters**  
High-speed portion cutting to fixed weight and/or length.

**9000 Weigh Price Labeller**  
Precision weigh price labeling at speeds up to 60 packs/min.

**I-Slice 1068 VA**  
For intelligent slicing of meat. Fixed weight with high accuracy.

**Sensor X with Separator**  
Advanced X-ray technology provides a safer, more valuable product.

**StreamLine Meat**  
Innovative trimming line that enables monitoring and data collection.

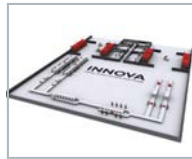

**PolySlicer 1000**  
Accurate slicing. High throughput. Wide range of presentation formats.

**DMM 10 Meat Harvester**  
Harvests quality 3 mm ground meat from bones of pork, beef and lamb.

**SK 15-340 Conveyorized Belly Skinner**  
Automatically skins pork bellies at high yields.

**Innova Systems**  
Total IT solution for optimizing profits and production performance.

**I-Cut 10 PortionCutter**  
Speed and versatility saves labor. Improved yields mean rapid payback.

**ValueDrum**  
Tumbler for in-line production of coated or marinated fresh products.

**RevoPortioner**  
Perfectly portioned products at low pressure. Low ownership cost.

**MasterFormer**  
Low-pressure former for filled or unfilled products. Homemade look.

**Platino Flattener**  
Flattens meat products to up to four times their original size.

**SmartSplitter**  
Slices poultry fillets horizontally into portions of desired height.

**TargetBatcher**  
Provides accurate fixed-weight batches of fresh and frozen products.

**ArcticFlow Freezers**  
Rapid and uniform freezing at great savings in energy consumption.

**ModularOven System**  
Two completely separated cooking environments for maximum control.
